# Colleen Baxter

## Key Electorate Issues

**If elected, Colleen Baxter will introduce the following policies:**

**\* Public Transport**

Wollongong needs an upgrade of rail services south of Sydney to be at least on par with the rail services between Sydney and the Central Coast. The CDP believes that it is not sustainable for the locals working in Sydney to be spending so many hours in transit.

**\* Support for New Local Jobs and Small Business**

Colleen's desire is to see the people of the Illawarra employed and thriving. Grants and red tape cuts should be implemented to encourage local businesses and local jobs.

**\* Improved Health Care**

The CDP calls for increased funding for Hospitals and Aged Care Facilities, improving Registered Nurse/Patient-Resident ratios, and Local Management to ensure better health outcomes at the local hospital level.

**\* Opposing the "Unsafe" Safe Schools Program**

The Christian Democratic Party seeks to protect children from the overly sexualised material in this program. We support the implementation of proven anti-bullying programs and of initiatives that protect children against sexual predators.

**\* Stand firm in support of Traditional Marriage. No to same-sex marriage**

The CDP accepts that Marriage was instituted by God and has been between a man and a woman for thousands of years. Whilst compassionate towards people generally the CDP stands firm against Same-Sex Marriage.

**\* Support Special Religious Education (SRE) and Chaplains in Schools**

The CDP recognises the challenges faced by families today. Combinations of Addiction, Domestic Violence and Marriage break-down profoundly affect children leading to increased need for a Bible based foundation for children's lives and Chaplains in Schools.
