A VOICE for VALUES

Dianne Decker

Key Electorate Issues

If elected, Dianne Decker will introduce the following policies:

*** Supporting Democracy by Opposing forced Council Amalgamations**

The Christian Democratic Party opposes forced Council Amalgamations, and understands that every council and community is unique and deserves the opportunity to have a say on what is sustainable for their future.

*** Protect from Isolation by Flood-proofing of Major Arterial Roads**

Dianne is passionate about flood-proofing major arterial roads as a means of protecting farmers and communities from being cut off from each other and vital resources.

*** Increase Rural Healthcare Choices**

The CDP calls for increased resources for health care in the region, more funds and training for mental health care services, and Local Management to ensure better health outcomes at the local hospital level.

*** Reform of Disability Services**

Dianne's desire is to see people with disabilities being given a fair go. She will strongly advocate for an increase in resources and opportunities for those with disabilities.

*** Opposing "Unsafe" Safe Schools Program**

The Christian Democratic Party seeks to protect children from the overly sexualised material in this program. We support the implementation of proven anti-bullying programs and of initiatives that protect children against sexual predators.

*** Stand firm in support of Traditional Marriage. No to same-sex marriage**

The CDP accepts that Marriage was instituted by God and has been between a man and a woman for thousands of years. Whilst compassionate towards people generally the CDP stands firm against Same-Sex Marriage.

*** Support Special Religious Education (SRE) and Chaplains in Schools**

The CDP recognises the challenges faced by families today. Combinations of Addiction, Domestic Violence and Marriage break-down profoundly affect children leading to increased need for a Bible based foundation for children's lives and Chaplains in Schools.
