**USA STUDY TOUR 10-26 JULY 2017**

By Rev Hon Fred Nile MLC

*Rector Rev Dr. Luis Leon welcomes Fred and Silvana St John's Church, Washington*

As Silvana and I compared the moral and spiritual situation on the USA and Australia, especially after the unexpected victory of President Donald Trump, it became clear that we SHOULD conduct a Study Tour of the USA.

We selected three key USA Cities:  
San Francisco  
New York  
And Washington

We were pleased that one of our CDP Staff Annie Wright of Sydney was able to join us for our USA Study Tour and was of great assistance.

**SAN FRANCISCO**

San Francisco is under the powerful influence of homosexual so-called "Gay Pride" Movement with their rainbow flag flying over many buildings. Some years ago an evangelical Presbyterian Minister in San Francisco spoke up against this anti-Christian activity, as a result a fire bomb was thrown into his bedroom.

His church in San Francisco was also attacked and damaged by a homosexual mob, while the police were told by the Mayor's office **NOT** to interfere!

San Francisco has attracted homosexuals from many cities around the world with one major suburb Castro the homosexual capital. While in San Francisco Silvana and I visited the Golden Gate Bridge and notorious Alcatraz Prison by a cruise ship.

**NEW YORK**

New York is one of the largest cities in the world which attracted a great deal of publicity when the Islamic Terrorist high jacked three USA passenger planes.

One of the planes full of passengers was flown into the famous **World Twin Towers**, in New York when over 3,000 people died. Another passenger plane crashed into the military HQ "**The Pentagon**".

The third passenger plane was crashed by the Islamic terrorists as the passengers tried to take over the plane. New York is a very vibrant city especially Broadway and Times Square.

The police were frustrated by nude female protesters with art symbols on the breasts and private parts claiming it were an art show! While in New York Silvana and I visited the Statue of Liberty and the Empire State Building for spectacular views. We also visited Broadway Actors Chapel where actors attend services.

## WASHINGTON

Our main purpose in visiting the USA was to meet USA Congressmen and Senators and if available President Donald Trump and the Vice President Mike Pence.

Silvana and I were given a guided personal tour of the Capital Building with the opportunity to watch the USA Senate and USA Congress in action during critical debates.

While in Washington we visited the White house and the President's Church St John's Episcopal Church (Anglican) where the Rector Rev. Dr Luis Leon gave us a friendly welcome

We stayed at Trump Hotels in Washington and New York, where we received wonderful service and cooperation.

A leading Evangelical Congressman and former Senator Stephen King gave us a warm welcome and valuable briefing on current controversial moral issues.

We also had the opportunity to visit the outstanding USA State Jewish Holocaust Exhibition Building, which covers four floors.

This is one of the most professional Holocaust Exhibitions in the World. Our September Family World News will contain a full report of this informative Holocaust Exhibition
