

The Hon. Paul Green MLC
Christian Democratic Party

MEDIA RELEASE

It's time for respectful debate.

“I acknowledge the decision of the High Court earlier today. I call on all parties to be respectful in the debate and to be mindful that we are dealing with very sensitive and emotive issues on both sides of the discussion.

I am grateful that the people of Australia will have an opportunity to express their opinions, through a postal survey, on this very important matter.”
