### **Fight Against Abortion Law Continues**

For those who have emailed me thank you for your emails about this important issue.

The October issue of Family World News, contains a detailed report on the progress and outcome of the debates concerning the horrific NSW abortion law.

Many constituents are wondering “what now”?

I can answer that question by saying that the Christian Democratic Party will not rest until this law has been repealed, and I will continue to champion the rights of the unborn in the Legislative Council.

The recent petitions that were organised through my office, as well as the many thousands of submissions that were sent to the Committee reviewing the legislation, were not completed in vain.

These expressions of public disgust at the law were loud and clear. But it is important to keep reminding Parliament that the passage of this “killing bill” was unacceptable.

I therefore ask you to consider this **NEW PETITION** campaign that calls upon the government to **REPEAL** the Abortion Law Reform Act 2019.

The petition will be used to justify and support any actions I take in the Legislative Council to stop this latest example of “death creep” in our legislation.

A copy of the petition is attached ([here](#)) for your reference. Please remember to return original copies to my office as soon as you complete them. There is no end date for this petition; I will keep tabling them to Parliament as they arrive.

I thank you for your support and pray that we will restore good and responsible governance in our State.
