**November 4, 2021**

Dear Minister Hazzard,

Many thousands of teachers and education staff across our great state of New South Wales stand to lose their employment this **Monday the 8<sup>th</sup> of November** unless double vaccinated.

As you are aware, there are many reasons why many individuals may not be able to or choose not to be vaccinated. I stand for an individual's right to determine their own form of medical treatment, this includes vaccination.

Leaving aside teachers and education staff losing their jobs it is ultimately students that will suffer from losing their much loved teachers. This is a busy time of year in the education system with final exams, reports and end of year preparations all ongoing.

I formally request that you, as Health Minister, intervene in this matter and prevent the sacking of many thousands of education staff. I ask that you do this for our teachers, for our education staff and most importantly our students.

Yours faithfully,
